Highly Sustainable | Highest Testing Performance | Proven Longevity | Uncompromised Beauty

Empire Shake & Empire Shake Plus

An affordable and environmentally friendly alternative to natural shake, Empire Shake (3/8" thick) and Empire Shake Plus (3/4" thick) are natural-looking synthetic shake roofing tiles that come in an even blend of 6", 9" and 12" widths. Aspen Blend replicates the look of thick, hand-split wood by using a combination of 2/3 Empire Shake and 1/3 Empire Shake Plus tiles.

These synthetic shake tiles are Class A fire-rated and manufactured from 25% post-industrial recycled materials. They provide superior protection from the most extreme elements such as rain, wind, hail, snow, fire, extreme temperature change and the sun's UV rays. Little-to-no maintenance combined with a 50-year warranty means a trouble-free roofing solution with lasting performance.

Available in 14 standard colors, 10 factory blends, 8 marbled blends and an array of custom color options, Empire Shake and Empire Shake Plus provide the opportunity to showcase the beauty of natural shake at a fraction of the cost.

Empire Shake Standard Colors

Color samples may not accurately represent the true color level or variations of color blends that will appear on the roof. Colors and specifications are subject to change without notice. EcoStar is not liable for color variations or shading.
* Available as Cool Color

Advantages

- The look of traditional cedar shake without extensive maintenance
- Easy application keeps installation costs down
- Factory pre-blended for color & width
- Significant property insurance discounts may be available when upgrading or building a roof to protect against the elements

Architectural Flexibility

- Available in 14 standard colors, 10 factory blends, 8 marbled blends and unlimited custom colors
- Empire Shake and Empire Shake Plus can be blended together for unique architectural depth
- Packaged in a blend of 6", 9" and 12" widths
- The 3/8" thick Empire Shake and 3/4" thick Empire Shake Plus create the natural appearance of traditional cedar shake

Strength & Durability

- Provides superior durability and protection from extreme weather conditions that include fire, wind, hail and driving rain
- 19" length provides up to 7" of headlap protection against wind-driven rain and ponding snow melt (at 6" reveal)
- Significant life cycle savings

Environmental Sustainability

- Manufactured with post-industrial recycled materials
- Enjoy additional energy savings from our line of Cool Colors, available in 11 Empire colors

Technical Information

- UL listed Class A or C fire resistance (UL 790)
- Category highest Wind Speed resistance
- UL Class 4 impact resistance (UL 2218)
- Prolonged UV Exposure (ASTM G155)
- UL Evaluation Report, AC07-UL ER 18920-01
- Fungus resistant (ASTM G21-09)
- Miami-Dade County, Florida NOA No. 17-1227.10 11/07/23
- Texas Dept. of Insurance Evaluation (RC-135)
- May contribute to LEED® points
- Manufactured in strict adherence to ISO 9001:2015 Quality Management

Warranty Options

- 50-Year Limited Material Warranty available
- 50-Year Gold Star Labor & Material Warranty available
